<u>Saxon 8/7 Math Homework – 3rd Quarter, Week 2</u>
<u>Due: Tuesday, January 16, 2024</u>

Important Note: Please reread each lesson with the examples before attempting to complete the assignment. Before turning the homework in, arrange it in order and <u>staple the filled-out Assignment Checklist on top.</u>

Day 1 - Lesson 63
___ Practice Set: a - e
___Problem Set: All Odd Numbers (note: on #29, do a & b only), PLUS #2, 4, 6, 20, & 22

Day 2 - Lesson 64
___Facts Practice Test N (NOT Optional)
___ Practice Set: a - i
___Problem Set: #1, 3-4, 7-9, 13, 15-16, 18, 21, 23-24

Day 3 - Lesson 65
___ Practice Set: a – b
___Problem Set: # 1-4, 6, 8-11, 13-15, 18-21, 23-26, 28, 30

Day 4 - Test 12
___ (pg. 205 in the ***Tests and Worksheets*** booklet) Note: You do not have to do the Facts Practice Test on the day you take this test**.** Remember to use *Recording Form E-Test Solutions* for this test**. <mark>Show all work, not just an answer.</mark>** If there isn't enough room to work the problem, you may also use notebook paper but make sure to put the <u>circled answer</u> on the Form. This test is closed book and closed notes. A parent should monitor the test taking; make sure the student's test is neat and shows all work. <u>Please place the finished test in a sealed envelope with the parent's signature to be turned in to the tutor for grading.</u> Don't forget to label all unit measurements in your answer.

Day 5 - Lesson 66
___Practice Set: a - d

___Problem Set: All ODD Numbers PLUS #4, 12, 16, 18, 26, 30
