

Saxon 8/7 Math Homework – 3<sup>rd</sup> Quarter, Week 5

**Due: Tuesday, February 6, 2024**

**Day 1 - Lesson 74**

\_\_\_ Practice Set: a - h

\_\_\_ Problem Set: All Odd Numbers PLUS #18

**Day 2 - Lesson 75**

\_\_\_ Facts Practice Test O - Note: Parents, if you do not feel that your student needs practice

on these concepts, please choose one that you want your child to practice more on.

**(Choose from Fact Practice A – N. Student must do a Facts Practice, and parents check it, please.**

\_\_\_ Practice Set: a - c

\_\_\_ Problem Set: All Even Numbers PLUS #13, 15, 27, and 29

**Day 3 - Test 14**

\_\_\_ (pg. 209 in the *Tests and Worksheets* booklet) Note: You do not have to do the Facts Practice Test on the day you take this test. Remember to use *Recording Form E-Test Solutions* for this test. **Show all work, not just an answer.** If there isn't enough room to work the problem, you may also use notebook paper but make sure to put the circled answer on the Form. This test is closed book and closed notes. A parent should monitor the test taking; make sure the student's test is neat and shows all work. Please place the finished test in a sealed envelope with the parent's signature to be turned in to the tutor for grading. Don't forget to label all unit measurements in your answer.

**Day 4 - Lesson 76**

\_\_\_ Practice Set: a - f

\_\_\_ Problem Set: All Odd Numbers PLUS 6, 8, 12, and 20

**Day 5 - Lesson 77**

\_\_\_ **Facts Practice Test P (NOT Optional)**

\_\_\_ Practice Set: a – g

\_\_\_ Problem Set: # 2-8, 10-12, 14-15, 23-24, 30
