Day 5 – Test 9

___ (pg. 199 in the *Tests and Worksheets* booklet) **Note: You do not have to do the Facts Practice**

Test on the day you take this test. Remember to use *Recording Form E-Test Solutions* for this test. If there isn't enough room to work the problem, you may also use notebook paper but make sure to put the circled answer on the Form. **This test is closed book and closed notes.** A parent should monitor the test taking; make sure the student's test is neat and shows all work. Please place the finished test in a sealed envelope with the parent's signature to be turned in to the tutor for grading.

TEST REMINDERS: 1) If there is a problem that has you draw something using a compass or ruler, you may do it on another piece of paper, just write a note in the square on the test and clearly label the problem on the attached sheet. 2) If there is a problem that requires you to draw a coordinate plane (with an X and Y axis) you must do that on a piece of graph paper and attach it to your test. You must also use a ruler to draw it.
