<u>Saxon 8/7 Math Homework – 3rd Quarter, Week 4</u>
<u>Due: Tuesday, January 30, 2024</u>

Important Note: Please reread each lesson with the examples before attempting to complete the assignment. Before turning the homework in, arrange it in order and <u>staple the filled-out Assignment Checklist on top.</u>

Day 1 - Investigation 7
Please allow enough time to complete this Investigation.
___Complete questions #1 – 22

Day 2 - Lesson 71
___ Practice Set: a - c
___Problem: All Even Numbers PLUS: 1, 3, 5, 9, 11, 13, 19, 29

Day 3 - Lesson 72
___ Facts Practice Test N (Optional)
___ Practice Set: a – c
___Problem Set: All Odd Numbers PLUS #2, 4, 8, 10, 12, 14

Day 4 - Test 13
___ (pg. 207 in the ***Tests and Worksheets*** booklet) Note: You do not have to do the Facts Practice Test on the day you take this test**.** Remember to use *Recording Form E-Test Solutions* for this test**. ==Show all work, not just an answer.==** If there isn't enough room to work the problem, you may also use notebook paper but make sure to put the <u>circled answer</u> on the Form. This test is closed book and closed notes. A parent should monitor the test taking; make sure the student's test is neat and shows all work. <u>Please place the finished test in a sealed envelope with the parent's signature to be turned in to the tutor for grading.</u> Don't forget to label all unit measurements in your answer.

Day 5 - Lesson 73
___**Facts Practice Test O (NOT Optional)** <u>Note:</u> *Just like all math homework, you must complete the entire page and make corrections to receive full credit.* ___ Practice Set: a – i

___Problem Set: # 1-3, 5-7, 10-11, 13-14, 23, 25, 29
